

Now That It's Doomsday

Lawrence River

Album • Pop • 2026

What would you say if the world ended in one minute?
I'm not staying quiet.

I wrote this before a predicted doomsday 2025.7.15,
at the age of 17-19 -- about sex, identity, failure,
ego, loneliness, and obsession.

Some of it is ugly. Some of it is honest. All of it is real.
Call it chaos, call it truth -- this is my last statement.

Ten songs. Ten last words.
Raw, chaotic, and brutally honest.
This is who I am before the end.
